

Need help climbing the ladder??

The **Learning Resource Center, Writing Center, and Math Tutor Center** are here to assist you as you work towards your goals this semester and beyond. Tutoring is available in Writing, Math, and a range of other subjects. Think of us as your personal academic success coaches.

We are here to help you:

- A comprehensive Writing Center to help you organize your thoughts and create a great paper.
- Math Tutor Center with group and 1-1 tutoring and instructional software.
- On-line tutoring in many subjects through the Writing Center and **Smarthinking**.

Some tips for using the LRC, Writing Center and MTC effectively:

- We encourage you to make appointments for tutoring if available. If you call at least a day ahead to cancel, we can re-schedule for any time. Same-day cancellations, missed or late appointments may have to be re-scheduled on another day.
- You may make **one** appointment at a time. Once you complete a session, you may schedule another appointment for another day.
- Always check in at the front desk if you have an appointment or want to schedule one.

In order to maintain our professional atmosphere, we ask that students not bring food or drinks (other than water) into the LRC. Also, we ask you to turn off your cell phones and neither take nor make calls while you are in the center.
